

1. REVIEW AGENDA AND ACTION ITEMS

- a. Jorge noted that there were no agenda additions and suggested that we address agenda item 3 before agenda item 2
- b. Jorge pointed working-group members to the notes and actions from the previous meeting

2. LIST OF PRIORITY TOPICS

- a. Jorge pointed working-group members to the current spreadsheet (see attachment 2) and to the online resource for dissemination of prioritizing topics (https://xerte.cahss.ed.ac.uk/play.php?template_id=2247), and the group provisionally agreed that:
 - i. **ACTION: Ruth to finalize a document containing the four tables of priorities and send it to Cristian and David**
 - ii. **ACTION: Cristian to work with Ruth to finalize a shareable version of the spreadsheet, edit the webpage text for researchers to ensure it aligns with the tables (and provides a hyperlink to the spreadsheet), and send the edited webpage text to Ruth for final review**
 - iii. **ACTION: David to edit the webpage text for research funders to ensure it aligns with the tables (and provides a hyperlink to the spreadsheet), and send the edited webpage text to Ruth for final review**
 - iv. **ACTION: Ruth to send four documents – text for researchers, text for research funders, tables, and Excel spreadsheet – to John for final editing and posting on the COVID-END website**
 - v. **ACTION: John to work with Steve to post these documents and to explore a possible long-term strategy of adding a more dynamic (filtering) option on the COVID-END website**

3. WORKING GROUP PAPER

- a. Jorge invited comments on the draft of the paper on the prioritization process (see attachment 5), and the group provisionally agreed:
 - i) to not connect the paper to progress on the website (and instead proceed with both – and especially the website – as quickly as possible)
 - ii) to focus the paper on both horizon scanning and prioritization processes
 - iii) to focus on the methods and lessons learned, and put the now somewhat old findings in the background (and ask instead questions like why – roughly a year after the list took form and then six months after this version of the priorities was finalized – do we still not see progress in filling the gaps and yet ongoing duplication of syntheses on other topics)

ACTION: Ruth to work with Heather Bullock on a joint paper

4. ANY OTHER BUSINESS

- a. Ruth provided a walk-through of the draft slides for the upcoming webinar “Drawing together the threads: operationalising the output from the Horizon-scanning panel” on 3 November, 10-11 ET
