

Sustaining Working Group
Agenda for Microsoft Teams call on 12 August 2020

1. FOLLOW-UP ON ACTION ITEMS <i>a. Notes from previous meeting notes on July 29th (see attachment 2)</i>	5 min
2. COVID-END LOGIC MODEL <i>a. Logic model updates from design support (see attachment 3)</i>	15 min
3. COVID-END BASELINE PROJECT <i>a. Updates</i>	15 min
4. IDENTIFYING NEXT PRIORITIES FROM TERMS OF REFERENCE <i>i. Retrospectively study how well the systems and methods of the pre-existing evidence ecosystem responded to the ‘stress test’ presented by COVID-19 (how effective and efficient were these and how could these be developed and strengthened?)</i> <i>ii. Prospectively study how the evidence synthesis community’s newly developed systems and methods (including COVID-END as a time-limited network) are being put in place and will contribute to the evidence ecosystem’s ability to respond to any future pandemics</i> <i>iii. Propose ways to ‘mainstream’ and enable sustainability over time of emergent systems and methods within existing institutions and processes</i> <i>iv. Use this opportunity of heightened public awareness to build a more fit-for-purpose evidence ecosystem</i> <i>v. Liaise with funders to explore how to best position COVID-END as a ‘case’ that demonstrates the value of a more joined-up, collaborative evidence ecosystem and what evidence they would find valuable to help make the case for investment</i>	20 min
5. ANY OTHER BUSINESS	5 min
