Community Engagement Event Checklist

The purpose of this checklist is to help guide community engagement events/activities and support members in maximizing effectiveness of engagement initiatives with consistency across the East Toronto Health Partners (ETHP).

The first section is designed to help clarify the goals for the event to ensure all appropriate elements are being considered to make the engagement as effective as possible.

BEFORE YOU START PLANNING YOUR EVENT –

CLARIFY YOUR GOALS AND OBJECTIVES

✓ Why do you want to involve patients/providers/others?

- What is the purpose of the engagement and what does success look like?
- o Consider if you are requesting engagement for a one-time event or an ongoing commitment

✓ Who do you need to involve?

- Have you considered all of the voices at the table and who will be affected by the decisions you make?
- i.e. patients, clients, families, caregivers, general public, community partners/agencies, primary care, government, etc.

✓ What 'type' of engagement are you looking for?

- To share (keep people informed)?
- To Consult (seek input)?
- To collaborate (work together on solution)?

✓ When will you involve others?

- What are your timelines?
- o Do you have an appropriate location secured? Is it accessible?

✓ How will you engage others?

- What type of engagement are you hosting?
- o i.e. round tables, larger or small group, focus groups, one-on-one, information sessions, town halls, etc.

✓ How will you know you've been successful?

o What measures have you put in place to evaluate success?

This section is designed to direct the work leading up to the event, during the event and following the event to ensure all details are effectively coordinated to ensure successful engagement.

The timelines below may not be feasible in all cases, but it is still useful to consider all elements in this checklist.

EVENT LOGISTICS

Initial planning phase (typically 2 months before)

| ACTIVITY | DEADLINE | RESPONS- IBILITY | COMPLETE | NOTES |
|--|----------|---------------------|----------|-------|
| Decide on event goals & objectives | | | | |
| Identify intended audience & start creating invitation | | | | |
| list (considering if invitation is for one-time event or | | | | |
| for ongoing engagement | | | | |
| Develop specific questions for the group that are not | | | | |
| too broad/ outline what is and is not 'in scope' for the | | | | |
| event | | | | |
| Select date for the event | | | | |
| Determine venue location | | | | |
| Determine budget/funding | | | | |
| Recruit event support & assign responsibilities | | | | |
| Involve Communications in event for materials & | | | | |
| promotion support | | | | |
| Identify and confirm speakers/presenters | | | | |
| Identify potential VIPs | | | | |
